Optimisation of the production process
and improvement of the finished product

CORRUGATOR

~ Reel stand and reel strippers

AL-GAR offers transport of the rolls to the reel stand.

We manufacture several track models that allow us to adapt to the needs of the clients.

The system's main advantages are as follows:

- The tracks are extremely robust and designed to provide improved maintenance and cleanliness.
- Each track includes a transport platform.

In addition to the tracks, we also manufacture reel strippers.
